

The Seven Year Education Itch

Adult Learning in Vocational Training - my digital journey so far

As I approach seven years in the vocational education industry, I realised I've covered a fair bit of ground in the eLearning space. I wanted to share with others the experiences that I've had and lessons I've learnt. Understand what I've discovered about adult learners from a coal face perspective.

Education with technology is constantly changing, and adult learners can be left behind as more and more eLearning teaching methods are adopted.

This book will point out some techniques and methods you can use that may help you better understand adult learners.
